Dear Anna, Jack, Rick, and Jeff –

I don't have everyone's email address that joined the meeting with Dr. Dale Hattis (copied on this email) last week (Wed Sept 28th), but wanted to thank you all for taking the time to meet with us.

As we mentioned in the meeting together, California EPA OEHHA has reviewed chlorpyrifos and provided a number of comments and recommendations, particularly regarding the use of UF's . Their comments are attached and can be found at the link below:

<http://oehha.ca.gov/pesticides/report/comments-dprs-rcd-chlorpyrifos-0>

We look forward to seeing EPA's new assessment, at which time we will provide to EPA our comments and Dale's analysis and findings.

Please let us know if we can answer any questions or be of assistance.

Regards,

Jen
